Ailis Brandywine Global IM Bond Optimiser

Sub-fund of Ailis Sicav

Class R (ISIN LU2293125451) / Class S (ISIN LU2293125535)

Management Company: Fideuram Asset Management (Ireland) dac, Intesa Sanpaolo banking group

OBJECTIVES AND INVESTMENT POLICY

The Sub-Fund, expressed in Euro, aims to generate positive returns, measured in Euro, by delivering total return through both income and capital appreciation. The Investment Manager will follow a value-oriented strategy that seeks attractive income and aims to generate risk-adjusted total return by actively allocating across global fixed income sectors.

The Sub-Fund will seek to achieve its investment objective by investing in a diversified bond portfolio consisting primarily of government and corporate bonds (both fixed and floating rate) issued by governments and government related issuers, corporations, other non-government issuers, located globally.

The Sub-fund will not have any restrictions in selecting securities in terms of industry or geographical allocation.

The Sub-Fund may invest:

- At least 60% of its net assets in investment grade securities;
- Up to 40% of its net assets in non-investment grade instruments (including those issued by emerging markets issuers);
- Up to 30% of its net assets in government bonds, corporate bonds (investment grade and non-investment grade) issued by entities located in emerging markets, as defined by the index MSCI Emerging Markets and available on <https://www.msci.com/our-solutions/index/emerging-markets>;
- Up to 10% (cumulatively) in asset backed securities ("ABS") and mortgage backed securities ("MBS");
- Up to 10% of its net asset value in contingent convertible securities ("CoCos");
- Up to 10% of its net assets in units/shares of UCITS and/or other UCIs including UCITS compliant exchange traded funds ("ETF") which provide exposure to the mentioned asset classes;

- Up to 5% of its net assets in debt securities issued by Mainland China issuers through Bond Connect program;
- Up to 10% in distressed securities or in defaulted securities;
- Up to 35% of its net assets in money-market instruments.

The Sub-Fund may invest without limitation in instruments denominated in currencies other than the reference currency (EUR), and it may use strategies to hedge developed market currency risks, in relation to currencies different from the EURO. In aggregate, and accounting for active currency positions as described in the previous paragraph, the non-EURO currency exposure will not exceed 40% of the Sub-fund's net assets.

The Sub-Fund may use financial derivative instruments for investment and for risk hedging purposes.

The Sub-Fund will not enter into repurchase nor reverse repurchase agreements.

The Sub-Fund is suitable for investors who search medium-term investments and the investor must be able to accept a certain volatility and the possibility of losing part of the invested amount.

The Sub-Fund is not managed in reference to a benchmark. The Sub-Fund is actively managed.

The Sub-Fund has two Unit-Classes: Class R and S.

Share Class R is capitalization Share-Class. For Share-Class S, the net incomes of the Sub-Fund will be distributed in accordance with the Prospectus of the Fund.

You may request to redeem the shares held at any moment, by sending a request on any business day.

RISK AND REWARD PROFILE

Lower risk
Potential lower reward

Higher risk
Potential higher reward

- This Sub-Fund is classified in the risk and reward category 4 because the investments' value can be subject to daily fluctuations, both positive and negative.
- The historical data such as is used to calculate the synthetic risk and reward indicator may not be a reliable indication for the future risk profile of the Sub-Fund.
- The risk and reward category shown is not guaranteed to remain unchanged and the categorization of the Sub-Fund may shift over time.
- Even the lowest risk category does not mean a risk-free investment.

THE SYNTHETIC RISK AND REWARD INDICATOR DOES NOT ADEQUATELY CAPTURE THE FOLLOWING RISKS:

- **Credit risk:** the Sub-Fund invests in securities whose credit rating may get worse, increasing the risk that the issuer is unable to fulfil its commitments with a negative impact on the securities' price.
- **Developing market risk:** the Sub-Fund is exposed to securities highly sensitive to political and economic instability of developing countries such as civil conflicts, changes in government policies and in taxation, currency fluctuations and other developments in the laws and regulations of countries in which investments may be made. Price changes may be higher than those in the markets of developed countries.

- **China Risk:** Investing in the People's Republic of China (PRC) is subject to the risks of investing in emerging markets and additional risks, which are specific to the PRC market. In case of investment in China A shares and/or in debt securities issued by Mainland China issuers, where securities are held in custody on a cross-border basis, there are specific legal/beneficial ownership risks linked to compulsory requirements of the local central securities depositories.
- **Coco risk:** investments in CoCos may expose the Sub-Fund to different risks, the main ones being: Conversion risk, Write down, Coupon Cancellation, Call extension risk, Capital structure inversion risk, Industry concentration risk (as described in the Prospectus).
- **Regulatory risk:** risk that regulation changes (in particular in respect of securitizations and contingent convertible bonds) may negatively impact the Sub-Fund in respect of market prices and liquidity.

CHARGES

These fees and charges are used to pay the costs of running the Sub-Fund, including the costs of marketing and selling. They reduce the potential growth of your investment.

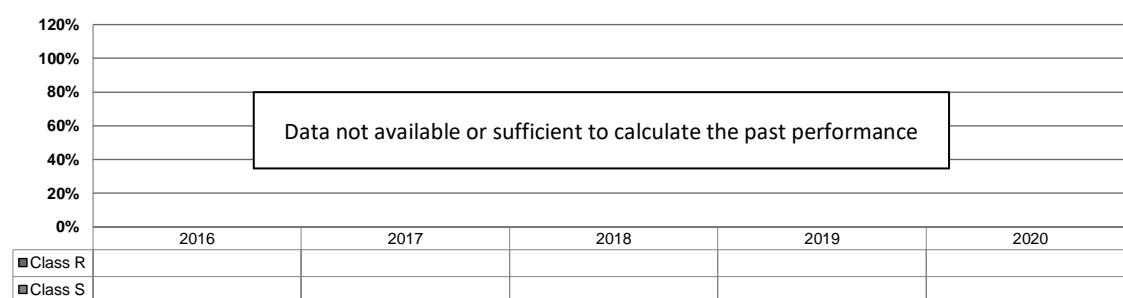

| One-off charges taken before or after the investment | |
|--|--------|
| Entry fee | 0.00% |
| Exit fee | 1.80 % |

Maximum percentage that can be withdrawn from your capital before it will be invested or before the return is distributed.

| | Ongoing charges | Performance fee |
|---------|-----------------|-----------------|
| Class R | 1.45% | 0.00 % |
| Class S | 1.45% | |

The **entry and exit fees** shown in the chart will be applied from 6th April, 2021 to 5th April, 2024. They are maximum figures as they decrease during such period. You can find this out from your financial adviser or from the distributors. The **ongoing charges** figure is based on an estimation. This figure may vary from year to year. It excludes performance fees and portfolio transaction costs, except in the case of an entry/exit fee paid by the Sub-Fund when buying or selling units in another fund. The ongoing charges figure include the amortization (over 3 years) of a placement fee corresponding to 1.80% of the initial Net Asset Value per share (EUR 10). **For more information about charges and fees, including the information of the calculation criteria of the performance fees, please see section "Charges" of the Fund's Prospectus, available on the website www.fideuramireland.ie**
