AILIS Blackrock Multi-Asset Income

Sub-fund of Ailis Sicav

Class R (ISIN LU1954056112) / Class S (ISIN LU1954056625)

Management Company: Fideuram Asset Management (Ireland) dac, Intesa Sanpaolo banking group

OBJECTIVES AND INVESTMENT POLICY

The Sub-Fund, expressed in Euro, aims to generate positive total returns defined as a mix of income and capital growth over a period of 5 years starting from 26 April 2019 (the "Principal Investment Period") by providing dynamic exposure to a diversified range of asset classes.

The Sub-Fund is suitable for investors who search medium term investments and the investor must be able to accept a certain volatility and the possibility of losing part of the invested amount. The Sub-Fund has been designed for investors who will invest in the Sub-Fund during the Initial Subscription Period and will hold their investment until the end of the Principal Investment Period (25 April 2024). The return forecasts may differ if the investor does not intend to hold the investment until the end of the Principal Investment Period.

The Sub-fund is actively managed.

The Sub-Fund may invest:

- up to 60% of its net assets in equities instruments;
- up to 50% of its net assets in non-investment grade instruments;
- indirectly, up to 15% of its net assets in instruments issued by entities located in emerging markets.
- up to 20% of its net assets (cumulatively) in ABS and MBS;
- up to 10% of its net assets in contingent convertible bonds ("CoCos").
- The exposure to ABS, MBS and CoCos will not exceed (cumulatively) 30% of the Sub-fund's net assets.

-The exposure to distressed or default securities will not exceed 10% of the Sub-fund's net assets.

-The Sub-fund exposure to the above-mentioned asset classes achieved through investments in shares / units of UCITS, UCIs, exchange traded funds will not exceed 49% of its net assets.

The Sub-fund may residually invest in money market instruments and hold cash. During the Initial Subscription Period (from 4 March 2019 to 25 April 2019) the Sub-Fund will hold 100% of its net assets in cash denominated in Euro.

The Sub-Fund may use financial derivative instruments for investment purposes, risk hedging and efficient portfolio management. The Sub-fund may invest without limitation in instruments denominated in currencies other than the reference currency (EUR). The non-EURO currency exposure will not exceed 30% of the Sub-fund's net assets.

Once the terms of the Principal Investment Period have expired, there will be progressive investment seeking to consolidate the performance achieved.

The Sub-Fund is not managed in reference to a benchmark.

The Sub-Fund has two Share-Classes: Class R is a capitalization Share-Class. With reference to the Share-Class S, the net incomes of the Sub-Fund will be distributed in accordance with the Prospectus of the Fund.

You may request to redeem the shares held at any moment, by sending a request on any business day.

RISK AND REWARD PROFILE

Lower risk

Potential lower reward

Higher risk

Potential higher reward

- This Sub-Fund is classified in the risk and reward category 4 because the investments' value can be subject to daily fluctuations, both positive and negative.
- The historical data such as is used to calculate the synthetic risk and reward indicator may not be a reliable indication for the future risk profile of the Sub-Fund.
- The risk and reward category shown is not guaranteed to remain unchanged and the categorization of the Sub-Fund may shift over time.
- Even the lowest risk category does not mean a risk-free investment.

THE SYNTHETIC RISK AND REWARD INDICATOR DOES NOT ADEQUATELY CAPTURE THE FOLLOWING RISKS:

- **Credit risk:** The Sub-Fund invests in securities whose credit rating may get worse, increasing the risk that the issuer is unable to fulfil its commitments with a negative impact on the securities' price.
- **Developing market risk:** The Sub-Fund is exposed to securities highly sensitive to political and economic instability of developing countries such as civil conflicts, changes in government policies and in taxation, currency fluctuations and other developments in the laws and regulations of countries in which investments may be made. Price

changes may be higher than those in the markets of developed countries.

- **Derivative risk:** in order to achieve its objectives, the Sub-Fund may use derivative instruments whose value may be subject to price fluctuations, positive or negative, much larger than those of the securities in the same Sub-Fund.
- **CoCo risk:** Investments in CoCos may expose the Sub-Fund to different risks, the main ones being: Conversion risk, Write down, Coupon Cancellation, Call extension risk, Capital structure inversion risk, Industry concentration risk (as described in the Prospectus).
- **Liquidity risk:** The Sub-Fund invests in markets that can be characterized by a reduced possibility to exchange securities without a negative impact on prices.
- **Counterparty risk:** The Sub-Fund invests into instruments, such as derivatives, by entering into contracts with financial counterparties, exposing itself to the risk that said intermediaries may generate financial damage to the fund itself by not fulfilling their obligations in the future.
- **Regulatory risk:** Risk that regulatory changes (in particular in respect of securitizations and contingent convertible bonds) may negatively impact the Sub-Fund in respect of market prices and liquidity.

CHARGES

These fees and charges are used to pay the costs of running the Sub-Fund, including the costs of marketing and selling. They reduce the potential growth of your investment.

One-off charges taken before or after the investment

Entry fee	0.00 %
Exit fee	2.00 %

Maximum percentage that can be withdrawn from your capital before it will be invested or before the return is distributed.

	Ongoing charges	Performance fee
Class R	2.08 %	0.00 %
Class S	2.08 %	

The **entry and exit fees** shown in the chart will be applied from April 26, 2019 to April 25, 2024. They are maximum figures as they decrease during such period. You can find this out from your financial adviser or from the distributors. The ongoing charges figure is based on expenses for the year ending **31/12/2021**. This figure may vary from year to year. It excludes performance fees and portfolio transaction costs, except in the case of an entry/exit fee paid by the Sub-Fund when buying or selling units in another fund. The ongoing charges figure include the amortization (over 5 years) of a placement fee corresponding to 2.00% of the initial Net Asset Value per share (EUR 10).

For more information about charges and fees, including the information of the calculation criteria of the performance fees, please see section "Charges" of the Fund's Prospectus, available on the website www.fideuramireland.ie.
