Ailis Franklin Templeton Emerging Balanced

Sub-fund of Ailis Sicav

Class R (ISIN LU2104931311) / Class S (ISIN LU2104931584)

Management Company: Fideuram Asset Management (Ireland) dac, Intesa Sanpaolo banking group

OBJECTIVES AND INVESTMENT POLICY

The Sub-Fund, expressed in Euro, aims to generate positive total returns over a period of 5 years starting from 24th March 2020 (the "Principal Investment Period") by investing in a diversified portfolio which may include: fixed income securities, equities, non-investment grade securities, asset backed securities ("ABS"), mortgage backed securities ("MBS"), contingent convertible securities ("CoCos"), currencies and cash.

The Sub-Fund will invest in securities issued by corporations, other non-government issuers, governments and government related issuers located in both developed and emerging markets and denominated in global currencies.

The Sub-Fund may invest:

- Up to 70% of its net assets in non-investment grade instruments (including non-investment grade debt issued by emerging market issuers);
- Up to 50% of its net assets in equity instruments, including in depository receipts (such as American Depository Receipts ("ADRs"), European Depository Receipts ("EDRs") and global depository receipts ("GDRs");
- Up to 65% of its net assets in government bonds, corporate bonds (investment grade and non-investment grade) and equity instruments issued by entities located in emerging markets.
- Up to 10% of its net assets in China-A shares via the Shanghai-HK Stock Connect program and debt securities issued by Mainland China issuers through Bond Connect program.
- Up to 10% of its net assets in distressed and default securities.
- Up to 10% of its net assets in ABS and MBS
- Up to 10% of its net assets in CoCos;
- Up to 49% of its net assets in units/shares of UCITS/UCIs including UCITS compliant exchange traded funds ("ETF"), which provide exposure to the above mentioned asset classes.

- Up to 10% of its net assets in cash and deposits.

The Sub-Fund may invest without limitation in instruments denominated in currencies other than the reference currency (EUR), and it may use strategies to hedge developed market currency risks, in relation to currencies different from the EURO. The non-Euro currency exposure will not exceed 40% of the Sub-Fund's net assets.

The Sub-Fund may use financial derivative instruments for investment and for risk hedging purposes.

The Sub-Fund will not enter into total return swaps nor in repurchase or reverse repurchase agreements.

The Sub-Fund is suitable for investors who search medium term investments and the investor must be able to accept a certain volatility and the possibility of losing part of the invested amount. The Sub-Fund has been designed for investors who will invest in the Sub-Fund during the Initial Subscription Period and will hold their investment until the end of the Principal Investment Period (23rd March 2025). The return forecasts may differ if the investor does not intend to hold the investment until the end of the Principal Investment Period.

During the Initial Subscription Period (from 3rd February 2020 to 23rd March 2020) the Sub-Fund will hold 100% of its net assets in cash denominated in Euro. Once the terms of the Principal Investment Period have expired, there will be progressive investment seeking to consolidate the performance achieved.

The Sub-Fund is not managed in reference to a benchmark. The Sub-Fund is actively managed.

Share Class R is capitalization Share-Class. For Share-Class S, the net incomes of the Sub-Fund will be distributed in accordance with the Prospectus of the Fund.

You may request to redeem the shares held at any moment, by sending a request on any business day.

RISK AND REWARD PROFILE

Lower risk

Potential lower reward

Higher risk

Potential higher reward

- This Sub-Fund is classified in the risk and reward category 4 because the investments' value can be subject to daily fluctuations, both positive and negative.
- The historical data such as is used to calculate the synthetic risk and reward indicator may not be a reliable indication for the future risk profile of the Sub-Fund.
- The risk and reward category shown is not guaranteed to remain unchanged and the categorization of the Sub-Fund may shift over time.
- Even the lowest risk category does not mean a risk-free investment.

THE SYNTHETIC RISK AND REWARD INDICATOR DOES NOT ADEQUATELY CAPTURE THE FOLLOWING RISKS:

- **Credit risk:** The Sub-Fund invests in securities whose credit rating may get worse, increasing the risk that the issuer is unable to fulfil its commitments with a negative impact on the securities' price.
- **Developing market risk:** The Sub-Fund is exposed to securities highly sensitive to political and economic instability of developing countries such as civil conflicts, changes in government policies and in taxation, currency fluctuations and other developments in the laws

and regulations of countries in which investments may be made. Price changes may be higher than those in the markets of developed countries.

- **China Risk:** Investing in the People's Republic of China (PRC) is subject to the risks of investing in emerging markets and additional risks, which are specific to the PRC market. In case of investment in China A shares and in debt securities issued by Mainland China issuers, where securities are held in custody on a cross-border basis, there are specific legal/beneficial ownership risks linked to compulsory requirements of the local central securities depositories.
- **CoCo risk:** Investments in CoCos may expose the Sub-Fund to different risks, the main ones being: Conversion risk, Write down, Coupon Cancellation, Call extension risk, Capital structure inversion risk, Industry concentration risk (as described in the Prospectus).
- **Liquidity risk:** The Sub-Fund invests in markets that can be characterized by a reduced possibility to exchange securities without a negative impact on prices.
- **Regulatory risk:** Risk that regulatory changes (in particular in respect of securitizations and contingent convertible bonds) may negatively impact the Sub-Fund in respect of market prices and liquidity.

CHARGES

These fees and charges are used to pay the costs of running the Sub-Fund, including the costs of marketing and selling. They reduce the potential growth of your investment.

One-off charges taken before or after the investment	
Entry fee	0.00 %
Exit fee	2.00 %

Maximum percentage that can be withdrawn from your capital before it will be invested or before the return is distributed.

	Ongoing charges	Performance fee
Class R	1.73 %	0.00 %
Class S	1.73 %	

The **entry and exit fees** shown in the chart will be applied from March 24, 2020 to March 23, 2025. They are maximum figures as they decrease during such period. You can find this out from your financial adviser or from the distributors. The ongoing charges figure is based on expenses for the year ending **31/12/2021**. This figure may vary from year to year. It excludes performance fees and portfolio transaction costs, except in the case of an entry/exit fee paid by the Sub-Fund when buying or selling units in another fund. The ongoing charges figure include the amortization (over 5 years) of a placement fee corresponding to 2.00% of the initial Net Asset Value per share (EUR 10).

For more information about charges and fees, including the information of the calculation criteria of the performance fees, please see section "Charges" of the Fund's Prospectus, available on the website www.fideuramireland.ie.
