Fonditalia Morgan Stanley Balanced Risk Allocation

Sub-Fund of Fonditalia Fund

Class R (ISIN LU1570311479) / Class S (ISIN LU1570311552)

Management Company: Fideuram Asset Management (Ireland) dac, Intesa Sanpaolo banking group

OBJECTIVES AND INVESTMENT POLICY

The Sub-Fund, expressed in Euro, aims to provide a positive return, defined as a mix of income and capital growth, while actively managing total portfolio risk and providing dynamic exposure to a diversified range of asset classes.

The Sub-Fund is suitable for investors who search medium term investments and the investor must be able to accept a certain volatility and the possibility of losing part of the invested amount. The overall portfolio of the Sub-Fund is intended to have an annual targeted volatility level of 3-9% per annum but may be lower or higher depending upon market conditions. The Sub-Fund will seek to achieve its investment objective by investing in a global flexible diversified portfolio which may include: equities, fixed-interest and floating rate securities, non-investment grade securities, currencies and cash.

The Sub-fund will invest in securities issued by corporations, other non-government issuers, governments and government related issuers located in both developed and emerging markets and denominated in global currencies. The Sub-Fund will not have any restrictions in selecting securities in terms of industry or geographical allocation. The Sub-Fund may invest:

- Up to 100% of its net assets in fixed-interest and floating rate securities;
- up to 50% of its net assets in equity instruments, including depository receipts (such as American depository receipts "ADRs", European depository receipts "EDRs" and global depository receipts "GDRs");
- up to 30% of the net asset value in government bonds, corporate bonds (investment grade and non-investment grade) and equity instruments issued by entities located in Emerging Markets;
- up to 10% of its net assets in China A-Shares via the Shanghai-Hong Kong Stock Connect program and debt securities issued by Mainland China issuers through Bond Connect program;
- up to 20% of its net assets in non-investment grade instruments (including non-investment grade debt securities issued by emerging market issuers);

- up to 40% of its net assets in UCITS and/or other UCIs, including ETFs, which provide exposure to the mentioned asset classes;
- up to 10% of its net assets in exchange traded commodities ("ETC");
- up to 20% (cumulatively) of its net assets in asset backed securities (ABS) and mortgage backed securities (MBS);
- up to 10% of its net asset value in contingent convertible securities ("CoCos");
- up to 20% of its net assets in money-market instruments.

The Sub-Fund invests without limitation in securities denominated in currencies other than the reference currency (EUR). The Sub-Fund may use strategies to hedge developed market currency risks, in relation to currencies different from the EURO. In aggregate, and accounting for active currency positions as described, the non-EURO currency exposure will not exceed 50% of the Sub-fund's net assets.

The Sub-Fund may use financial derivative instruments for the purpose of investment and risk hedging. The Sub-Fund will not enter into total return swaps nor in repurchase or reverse repurchase agreements. The Sub-Fund is not managed in reference to a benchmark. The Sub-fund is actively managed.

This Sub-Fund has two Unit-Classes: Class R and S. Class R is a capitalization Unit-Class. With reference to the Unit-Class S, the net incomes of the Sub-Fund will be distributed in accordance with the Prospectus of the Fund.

On the base of the NAV computed on April 21, 2022 as of April 20, 2022, the assets of unit class R will be automatically transferred to unit class R1 and the assets of unit class S will be automatically transferred to unit class S1.

You may request to redeem the units held at any moment, by sending a request on any business day.

RISK AND REWARD PROFILE

Lower risk

Potential lower reward

Higher risk

Potential higher reward

- This Sub-Fund is classified in the risk and reward category 4 because the investments' value can be subject to daily variations, both positive and negative.
- The historical data such as is used to calculate the synthetic risk and reward indicator may not be a reliable indication for the future risk profile of the Sub-Fund.
- The risk and reward category shown is not guaranteed to remain unchanged and the categorization of the Sub-Fund may shift over time.
- Even the lowest risk category does not mean a risk-free investment.

THE SYNTHETIC RISK AND REWARD INDICATOR DOES NOT ADEQUATELY CAPTURE THE FOLLOWING RISKS:

- **Credit risk:** The Sub-Fund invests in securities whose credit rating may get worse, increasing the risk that the issuer is unable to fulfil its commitments with a negative impact on the securities' price.
- **Developing market risk:** The Sub-Fund is exposed to securities highly sensitive to political and economic instability of developing countries such as civil conflicts, changes in government policies and in taxation, currency fluctuations and other developments in the laws and regulations of countries in which investments may be

made. Price changes may be higher than those in the markets of developed countries.

- **China Risk:** Investing in the People's Republic of China (PRC) is subject to the risks of investing in emerging markets and additional risks, which are specific to the PRC market. In case of investment in China A shares and/or in debt securities issued by Mainland China issuers, where securities are held in custody on a cross-border basis, there are specific legal/beneficial ownership risks linked to compulsory requirements of the local central securities depositories.
- **Coco risk:** investments in CoCos may expose the Sub-Fund to different risks, the main ones being: Conversion risk, Write down, Coupon Cancellation, Call extension risk, Capital structure inversion risk, Industry concentration risk (as described in the Prospectus).
- **Regulatory risk:** Risk that regulation changes (in particular in respect of securitizations and contingent convertible bonds) may negatively impact the Sub-Fund in respect of market prices and liquidity.

CHARGES

These fees and charges are used to pay the costs of running the Sub-Fund, including the costs of marketing and selling. They reduce the potential growth of your investment.

One-off charges taken before or after the investment

Entry fee	0.00 %
Exit fee	0.50 %

Maximum percentage that can be withdrawn from your capital before it will be invested or before the return is distributed.

	Ongoing charges Charges taken from the Sub-Fund over a year	Performance fee Charges taken from the Sub-Fund under certain specific conditions
Class R	1.78 %	0.00 %
Class S	1.78 %	

The **entry** and **exit fees** shown in the chart are maximum figures as they decrease during the period from 8 March 2021 to 20 April 2022. In some cases you might pay less. You can find this out from your financial adviser or from the distributors. The **ongoing charges** figure is based on expenses for the year ending on 31/12/2020. This figure may vary from year to year. It excludes performance fees and portfolio transaction costs, except in the case of an entry/exit fee paid by the Sub-Fund when buying or selling units in another fund. The ongoing charges figure includes the amortisation (over 5 years) of a placement fee corresponding to 2.00% of the initial Net Asset Value per share (EUR 10).

For more information about charges and fees, including the information of the calculation criteria of the performance fees, please see section "Charges" of the Fund's Prospectus, available on the website www.fideuramireland.ie.
