The Sub-Fund may use financial derivative instruments not only for the purpose of risk hedging but also for investment purposes.

The benchmark of the Sub-Fund consists of the index “MSCI Emerging Markets” Price Return in USD and converted in EUR.

The Sub-fund is actively managed and the degree of freedom allowed within the management of the sub-fund is significant. The relative risk and positioning to the benchmark is monitored. To provide a disciplined management approach, risk limits are set to contain investment risk. You may request to redeem the units held at any moment, by sending a request on any business day.
