Fonditalia 4Children

Sub-Fund of Fonditalia
Class R (ISIN LU2342239501)

Management Company: Fideuram Asset Management (Ireland) dac, Intesa Sanpaolo banking group

OBJECTIVES AND INVESTMENT POLICY

The sub-fund has been categorized as a Sustainable Objective Sub-Fund, as (i) it has sustainable investments as its objective and (ii) the companies in which the sub-fund shall invest in need to follow good governance practices, in accordance with article 9 of the SFDR.

The sub-fund, expressed in Euro, aims to provide a positive return, measured in Euro, defined as a mix of capital growth and income. The investment objective is to generate positive returns, measured in Euro, with potential for capital growth by investing in a balanced diversified portfolio.

The sub-fund will invest in securities issued by corporations, governments and government related issuers, other non-government issuers, located in both developed and emerging markets, and denominated in global currencies. Such issuers will be screened and considered suitable, according to the Investment Manager's assessment and ESG criteria binding analysis. The Investment Manager intends to construct a portfolio selecting companies supporting and facilitating social benefits like, but not exclusively, enhancement of good health and well-being, decent work and economic growth, quality education, sustainable cities and communities with a thematic focus on children's rights.

The Investment Manager will take into account environmental, social and governance "ESG" criteria when selecting securities to be directly held by the sub-fund combining fundamental analysis with specific sustainability assessments and the use of different sustainable strategies like but not exclusively: exclusions, positive screening, best in class, positive trajectory engaged companies and other ESG related criteria. Where it holds quotes of collective investment schemes it will seek to use ESG or socially responsible investment ("SRI") aligned products. The detailed exclusion Criteria are available in the Investment Policy of the sub-fund in the Prospectus.

The sub-fund will not have any restrictions in selecting securities in terms of geographical allocation.

The sub-fund may invest:

- up to 90% of its net assets in equities instruments, including depository receipts (such as American depository receipts "ADRs", European depository receipts "EDRs" and global depository receipts "GDRs");
- up to 50% of its net asset value in government bonds and corporate bonds both investment grade and non-investment grade;
- up to 40% of its net asset value in government bonds, corporate bonds issued by entities located in emerging markets;
- up to 20% of its net assets in China A-Shares via the Shanghai-Hong Kong Stock Connect program and up to 10% of its net assets in debt securities issued by Mainland China issuers through Bond Connect program;

- up to 20% of its net assets in non-investment grade debt securities instruments (including non-investment grade debt securities issued by emerging market issuers);

- up to 10% of its net asset value in contingent convertible securities ("CoCos");

- up to 40% of its net assets in units/shares of UCITS and/or other market currency risks, in relation to currencies different from the above-mentioned asset classes;

- up to 10% of its net assets in exchange traded commodities ("ETC");

- up to 40% of its net assets in money market instruments.

The Sub-fund may invest without limitation in securities denominated in currencies other than the reference currency (EUR). The sub-fund may use strategies to hedge developed market currency risks, in relation to currencies different from the EURO. In aggregate the non-EURO currency exposure will not exceed 75% of the sub-fund's net assets.

The sub-fund will not invest in unrated bonds nor in distressed securities nor in default securities. The sub-fund will not invest in asset backed securities ("ABS"), mortgage backed securities ("MBS") and collateralized loan obligations ("CLOs"). The sub-fund may use financial derivative instruments for the purpose of investment and risk hedging.

The benchmark of the sub-fund consists of the arithmetical weighted average of the following indexes:

- "MSCI ACWI ex select countries Sustainable Impact Children ESG Index" Net Total Return in USD, unhedged, converted in EUR, weighted at 70%;

- "MSCI EUR IG ESG Leaders Corporate Bond Select Index" in EUR, weighted at 30%.

The Investment Manager may use its discretion to invest in securities not included in the benchmark taking into consideration the ESG criteria set in the investment policy and in the benchmark methodology available on www.msci.com.

The sub-fund is actively managed, and the degree of freedom allowed within the management of the sub-fund is significant. The relative risk and positioning to the benchmark is monitored. To provide a disciplined management approach, risk limits are set to contain investment risk. This may impact the extent to which the composition of the portfolio and its performance deviate from that of the benchmark.

The sub-fund will enter into total return swaps. The Sub-Fund will not enter in repurchase or reverse repurchase agreements.

The Sub-fund is suitable for investors who search long term investments. The investor must be able to accept a certain volatility and the possibility of losing part of the invested amount.

Class R is a capitalization Unit-Classes.

You may request to redeem the units held at any moment, by sending a request on any business day.

RISK AND REWARD PROFILE

Lower risk
Potential lower
reward

Higher risk
Potential higher
reward

- This Sub-Fund is classified in the risk and reward category 5 because the investments value can be subject to significant daily variation, both positive and negative.
- The historical data such as is used to calculate the synthetic risk and reward indicator may not be a reliable indication for the future risk profile of the Sub-Fund.
- The risk and reward category shown is not guaranteed to remain unchanged and the categorization of the Sub-Fund may shift over time.
- Even the lowest risk category does not mean a risk-free investment.

THE SYNTHETIC RISK AND REWARD INDICATOR DOES NOT ADEQUATELY CAPTURE THE FOLLOWING RISKS:

- **China Risk:** Investing in the People's Republic of China (PRC) is subject to the risks of investing in emerging markets and additional risks, which are specific to the PRC market. In case of investment in China A shares and/or in debt securities issued by Mainland China issuers where securities are held in custody on a cross-border basis, there are specific legal/beneficial ownership risks linked to compulsory requirements of the local central securities depositories.
- **ESG risk:** the integration in the investment process of ESG and sustainability factors with wider monitoring and engagement activities, may have an impact on the value of investments and, therefore, on returns.
