Class P-USD (ISIN LU1155042820) / Class I-USD (ISIN LU1155043042)

Management Company: Fideuram Asset Management (Ireland) dac, Intesa Sanpaolo banking group

### OBJECTIVES AND INVESTMENT POLICY

The Sub-Fund, expressed in CHF, aims to gain significant exposure to the shares and other participation rights of companies that have their registered office or exercise most of their business activities in Switzerland, or that hold most of their holdings in companies with Switzerland, or that hold most of their holdings in companies with registered offices in that country via their remit as holding companies. Accordingly, the Investment Manager is authorised to invest in these securities either directly or via financial derivatives, or in units and/or shares of undertakings for collective investment that grant exposure to this type of assets. Financial derivatives may be used for hedging and/or investment purposes.

type of assets. Financial derivatives may be used for nedging and/or investment purposes. In any event, investments in other UCITS and/or UCI will be limited to 10% of the Net Asset Value. The Sub-Fund may also hold shares and participation rights in companies based in other countries, or straight and convertible bonds and bonds with warrants on an ancillary basis. The Sub-Fund may be fully invested in Cash where the Investment

Manager believes that market circumstances require it, in order to

protect the interests of the Unit Holders. The Sub-fund does not fall within the scope of the regulation (UE) 2017/1131 on money market

within the scope of the regulation (UE) 2017/1131 of morey marks funds. The benchmark of the Sub-Fund consists of the index "MSCI Switzerland 10/40 Net Return Index". The Sub-fund is actively managed and the degree of freedom allowed within the management of the sub-fund is significant. The relative risk and positioning to the benchmark is monitored. To provide a disciplined management approach, risk limits are set to contain investment risk. This may impact the extent to which the composition of the portfolio and its performance deviate from that of the benchmark.
