WHAT IS THE PRODUCT?

Type:

Umbrella investment company with variable capital (société d'investissement à capital variable) incorporated as a public limited company (société anonyme) in the Grand Duchy of Luxembourg, qualifying as an undertaking for collective investment in transferable securities (UCITS) under Part I of the Luxembourg Law dated December 17, 2010.

Term:

This sub-fund is not subject to any fixed term. The SICAV's liquidation shall be decided by the general meeting of shareholders, in accordance with the applicable law and the Articles of Incorporation. The Company may also enter into liquidation by judicial decision according to the Law of December 17, 2010. The Board of Directors may decide to liquidate the Sub-Fund in case of extraordinary events such as changes in the political, economical or monetary situation or when the net asset of the Sub-Fund is less than a minimum level for the Sub-Fund to be operated in an economically efficient manner, as further described in the Prospectus.

Objectives:

The Sub-Fund, expressed in Euro, aims at providing positive total returns defined as a mix of income and capital growth. The Sub-Fund seeks to achieve its investment objective by investing in a flexible allocation to debt securities from all issuer types globally (including emerging market debt) and global equities (including emerging market equities) which comply with Environmental, Social and Governance ("ESG") criteria.

The Sub-Fund selects eligible securities from the worldwide range of fixed-interest and floating rate securities including corporate bonds, non-investment grade, contingent convertibles ("CoCos"), government, and supranational bonds. The Sub-Fund may also invest in bonds issued by securitization vehicles or equivalent such as MBS, ABS and CLO.

The SubFund may invest its net assets value:

- up to 70% in non-investment grade debt securities (including non-investment grade debt issued by Emerging Markets issuers);
- up to 40% in global equities (including emerging markets);
- up to 30% in government, corporate bonds (investment grade and non-investment grade) and equities issued by entities located in emerging markets;
- up to 20% in CoCos;
- up to 10%, in aggregate, in assets issued by securitization vehicles;
- up to 10% in China A-Shares via the Shanghai-Hong Kong Stock Connect and the Shenzhen-Hong Kong Connect programs and/or debt securities issued by Mainland China issuers through the Bond Connect Program.
- up to 20% in cash and deposits at sight (such as cash held in current accounts) for ancillary liquidity purposes in normal market conditions.

The Sub-Fund will not purchase distressed securities nor default securities. The Sub-Fund may also buy money-market instruments and hold cash. Exchange rate exposure will be possible up to 30% of the Sub-Fund's net assets. The Sub-Fund may use derivative instruments for the purpose of risk hedging and investment. The sub-fund is actively managed. The sub-fund is not managed in reference to a benchmark. The sub-fund has been categorized as an ESG Promotion Strategy Sub-fund in accordance with article 8 of the SFDR.

This is a distributing class: the net incomes of the Sub-Fund will be distributed in accordance with Prospectus.

You may request to redeem the share held at any moment, in accordance with the Prospectus.

Intended Retail Investor:

The Sub-fund is suitable for investors who look for medium term investments and have a preference for sustainable ESG strategies. The investor must be able to accept a certain volatility and the possibility of losing a part of the invested amount. This product is for investors who meet the conditions for accessing the product in question (see prospectus) with any level of knowledge and experience. Investors should understand the product risks and only invest if they can bear potentially substantial losses.

Said legislation may have an impact on your personal tax position.

WHAT ARE THE RISKS AND WHAT COULD I GET IN RETURN?

Risk indicator

The risk indicator assumes you keep the product for a minimum of 4 years.

The actual risk can vary significantly if you cash in at an early stage and you may get back less.

You may not be able to sell your product easily or may have to sell at a price that significantly impacts on how much you get back. The redemption price may, depending on the evolution of the net asset value, be higher or lower than the paid issue price.

Specific reasons, such as change restrictions or circumstances outside the control of the Depositary Bank, may render impossible the transfer of redemption amount in the country where the redemption is requested.

In case of mass redemptions, the Management Company may decide to suspend the redemptions until it has sold the necessary assets.

The summary risk indicator ("SRI") is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as class 3 out of 7, which is a medium-low risk class.

This rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact the capacity of the fund to pay you.

Other risks materially relevant not included in the SRI: Counterparty Risk, Credit Risk, Derivatives Risk, Cocos risk, China Risk, Emerging Market risk, ESG Risk, Liquidity Risk, Regulatory risk,

This product does not include any protection from future market performance. Please refer to the 'Risk' section of the prospectus for more details.

Favourable	What you might get back after costs	11 810 EUR	12 250 EUR
	Average return each year	18.1%	5.2%

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the fund completed where applicable by that of its reference framework over the last 10 years. Markets could develop very differently in the future.

The stress scenario shows what you might get back in extreme market circumstances.

This type of scenario occurred for an investment between 2015 - 2025.

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

WHAT HAPPENS IF FIDEURAM ASSET MANAGEMENT (IRELAND) DAC IS UNABLE TO PAY OUT?

There is no compensation or guarantees for investors in the event of the insolvency of the Management company. It is specified that each mutual investment fund constitutes an autonomous and separate asset in all respects from the assets of the Management company and from that of each investor as well as from any other assets managed by the same Management company. Furthermore, the Management company is liable exclusively for the obligations contracted on behalf of the sub-fund with the assets of the same fund. On those assets actions by creditors of the Management company or creditors of the depositary or sub-depositary are not permitted. The creditors of individual investors are permitted to take action only on the units/shares held by the individual investors. The Management company may in no case use, in its own interest or in the interest of third parties, the assets belonging to the managed funds.

WHAT ARE THE COSTS?

The person selling or advising this product may charge other costs, in which case this person will provide you with information about these costs, and should show you the impact that all costs will have on your investment over time.

Costs over Time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods:

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- EUR 10 000 is invested.

Investment: 10 000 EUR	If you exit after 1 year	If you exit after 4 years
Total Costs	534 EUR	1 302 EUR
Annual Cost Impact*	5.3%	3%

*This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 4.5% before costs and 1.5% after costs.

Composition of Costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.01% of the amount you pay in when entering this investment (including fixed fees)	301 EUR
Exit costs	0.05% of your investment before it is paid out to you (including fixed fees)	5 EUR
Ongoing costs		
Management fees and other administrative or operating costs	1.96% of the value of your investment per year. This amount is based on costs incurred for the custody, the administration and the management of the product.	206 EUR
Portfolio transaction costs	0.23% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	22 EUR
Incidental costs taken under specific conditions		
Performance Fee	There is no performance fee for this product.	N/A

HOW LONG SHOULD I HOLD IT AND CAN I TAKE MY MONEY OUT EARLY?

Recommended minimum holding period: 4 years

The above mentioned period has been defined in accordance to the product characteristics. It is determined on the basis of the sub-fund's risk and reward profile. Your ideal holding period may be different from this minimum recommended holding period. If the holding period is shorter than the recommended minimum, this may have a negative impact on the sub-fund's risk and reward profile. We recommend that you discuss this with your advisor. You may request to redeem the units held at any moment, and on any business day, in accordance with the Prospectus. Any costs are shown under "Composition of costs" above.

HOW CAN I COMPLAIN?

Any complaints must be sent by the investor to Fideuram Asset Management (Ireland) DAC in writing and according to one of the following methods indicated: registered letter with return receipt; e-mail to the address: info@fideuramireland.com. Complaints are considered validly received by the Management Company if they contain at least the following information: identification details of the person submitting the complaint; reasons for the complaint, details of the economic damage; sign-off or other element allowing for the identification of the investor. Complaints can also be sent by the investor to the authorized Distributors in the countries where the units of the sub-fund are distributed.
