Competent Authority: Fideuram Asset Management (Ireland) dac is authorised in Ireland and regulated by Central Bank of Ireland as a Management Company as defined in Article 2(1), point (b), of Directive 2009/65/EC. This PRIIP is a Luxembourg UCITS managed by Fideuram Asset Management (Ireland) dac under the freedom to provide services in Luxembourg in accordance with Article 16 of Directive 2009/65/EC.

This key information document is valid as at 2025-03-24.

WHAT IS THE PRODUCT?

Type:

Umbrella investment company with variable capital (société d'investissement à capital variable) incorporated as a public limited company (société anonyme) in the Grand Duchy of Luxembourg, qualifying as an undertaking for collective investment in transferable securities (UCITS) under Part I of the Luxembourg Law dated December 17, 2010.

Term:

This sub-fund is not subject to any fixed term. The SICAV's liquidation shall be decided by the general meeting of shareholders, in accordance with the applicable law and the Articles of Incorporation. The Company may also enter into liquidation by judicial decision according to the Law of December 17, 2010. The Board of Directors may decide to liquidate the Sub-Fund in case of extraordinary events such as changes in the political, economical or monetary situation or when the net asset of the Sub-Fund is less than a minimum level for the Sub-Fund to be operated in an economically efficient manner, as further described in the Prospectus.

Objectives:

The FIDELITY Flexible Low Volatility Sub-fund, expressed in Euro, aims to generate positive returns measured in Euro. The Sub-fund seeks to achieve its investment objective by investing in a flexible, diversified portfolio. The Sub-fund may invest in:

- at least 60% of equity transferable securities listed on a stock exchange or dealt in any Regulated Market worldwide, including in depository receipts (such as American depository receipts ("ADRs"), European depository receipts ("EDRs") and global depository receipts ("GDRs");
- up to 40% of its net assets in fixed income instruments issued by corporations, other non-government issuers, governments and government related issuers located in both developed and emerging markets and denominated in global currencies;
- up to 10% of its net assets in fixed income and equity instruments (cumulatively) issued by entities located in emerging market countries;
- up to 10% of its net assets in non-investment grade instruments;
- up to 10% of its net assets in China A-Shares via the Shanghai-Hong Kong Stock Connect program;
- Up to 40% of its net assets in units/shares of UCITS and/or other UCIs including UCITS compliant exchange traded funds ("ETF")

The Sub-fund may invest without limitation in securities denominated in currencies other than the reference currency (EURO). The currency exposure of the Sub-fund is flexibly managed.

The Sub-fund is actively managed. The Sub-fund is not managed in reference to a benchmark.

The Sub-fund will not invest in distressed securities nor in defaulted securities.

The Sub-fund will not invest in asset backed securities ("ABS"), mortgage backed securities ("MBS"), nor contingent convertible securities ("CoCos").

The holding of ancillary liquid assets (cash and deposits at sight (such as cash held in current accounts)) is limited to 10% of the net assets of the Sub-Fund. Under exceptionally unfavourable market conditions and on a temporary basis, this limit may be increased up to 100% of its net assets, if justified in the interest of the investors.

The Sub-fund may use financial derivative instruments for the purpose of investment and risk hedging. The Sub-fund may invest in derivative instruments which may include, without limitation, spot and forward contracts, listed derivatives, options, index options, and through indirect exposure, to swaps and credit default swaps.

This is a capitalization class.

You may request to redeem the share held at any moment, in accordance with the Prospectus.

Intended Retail Investor:

The Sub-fund is suitable for investors who look for medium term investments. The investor must be able to accept a certain volatility and the possibility of losing a part of the invested amount. This product is for investors who meet the conditions for accessing the product in question (see prospectus) with any level of knowledge and experience. Investors should understand the product risks and only invest if they can bear potentially substantial losses.

Said legislation may have an impact on your personal tax position.

WHAT ARE THE RISKS AND WHAT COULD I GET IN RETURN?

Risk indicator

The risk indicator assumes you keep the product for a minimum of 4 years.

The actual risk can vary significantly if you cash in at an early stage and you may get back less.

You may not be able to sell your product easily or may have to sell at a price that significantly impacts on how much you get back. The redemption price may, depending on the evolution of the net asset value, be higher or lower than the paid issue price.

Specific reasons, such as change restrictions or circumstances outside the control of the Depositary Bank, may render impossible the transfer of redemption amount in the country where the redemption is requested.

In case of mass redemptions, the Management Company may decide to suspend the redemptions until it has sold the necessary assets.

The summary risk indicator ("SRI") is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as class 3 out of 7, which is a medium-low risk class.

This rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact the capacity of the fund to pay you.

Other risks materially relevant not included in the SRI: Counterparty Risk, Credit Risk, Derivatives Risk, China Risk, Emerging Market risk, Liquidity Risk, Regulatory risk,

This product does not include any protection from future market performance. Please refer to the 'Risk' section of the prospectus for more details.

Favourable	What you might get back after costs	11 730 EUR	12 850 EUR
	Average return each year	17.3%	6.5%

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the fund completed where applicable by that of its reference framework over the last 10 years. Markets could develop very differently in the future.

The stress scenario shows what you might get back in extreme market circumstances.

This type of scenario occurred for an investment between 2015 - 2025.

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

WHAT HAPPENS IF FIDEURAM ASSET MANAGEMENT (IRELAND) DAC IS UNABLE TO PAY OUT?

There is no compensation or guarantees for investors in the event of the insolvency of the Management company. It is specified that each mutual investment fund constitutes an autonomous and separate asset in all respects from the assets of the Management company and from that of each investor as well as from any other assets managed by the same Management company. Furthermore, the Management company is liable exclusively for the obligations contracted on behalf of the sub-fund with the assets of the same fund. On those assets actions by creditors of the Management company or creditors of the depositary or sub-depositary are not permitted. The creditors of individual investors are permitted to take action only on the units/shares held by the individual investors. The Management company may in no case use, in its own interest or in the interest of third parties, the assets belonging to the managed funds.

WHAT ARE THE COSTS?

The person selling or advising this product may charge other costs, in which case this person will provide you with information about these costs, and should show you the impact that all costs will have on your investment over time.

Costs over Time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods:

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- EUR 10 000 is invested.

Investment: 10 000 EUR	If you exit after 1 year	If you exit after 4 years
Total Costs	491 EUR	1 131 EUR
Annual Cost Impact*	4.9%	2.6%

*This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 4.3% before costs and 1.8% after costs.

Composition of Costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.01% of the amount you pay in when entering this investment (including fixed fees)	301 EUR
Exit costs	There is no exit fee for this product.	N/A
Ongoing costs		
Management fees and other administrative or operating costs	1.75% of the value of your investment per year. This amount is based on costs incurred for the custody, the administration and the management of the product.	185 EUR
Portfolio transaction costs	0.05% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	5 EUR
Incidental costs taken under specific conditions		
Performance Fee	There is no performance fee for this product.	N/A

HOW LONG SHOULD I HOLD IT AND CAN I TAKE MY MONEY OUT EARLY?

Recommended minimum holding period: 4 years

The above mentioned period has been defined in accordance to the product characteristics. It is determined on the basis of the sub-fund's risk and reward profile. Your ideal holding period may be different from this minimum recommended holding period. If the holding period is shorter than the recommended minimum, this may have a negative impact on the sub-fund's risk and reward profile. We recommend that you discuss this with your advisor. You may request to redeem the units held at any moment, and on any business day, in accordance with the Prospectus. Any costs are shown under "Composition of costs" above.

HOW CAN I COMPLAIN?

Any complaints must be sent by the investor to Fideuram Asset Management (Ireland) DAC in writing and according to one of the following methods indicated: registered letter with return receipt; e-mail to the address: info@fideuramireland.com. Complaints are considered validly received by the Management Company if they contain at least the following information: identification details of the person submitting the complaint; reasons for the complaint, details of the economic damage; sign-off or other element allowing for the identification of the investor. Complaints can also be sent by the investor to the authorized Distributors in the countries where the units of the sub-fund are distributed.
