You are about to purchase a product that is not simple and may be difficult to understand.

WHAT IS THE PRODUCT?

Type:
Mutual Investment Fund under Luxembourg Law governed by Part I of the Law of December 17, 2010.

Term:
This sub-fund is not subject to any fixed term. The Fund is established for an unlimited duration; it may be dissolved at any time with the mutual approval of the Management Company and the Depositary Bank. The-Fund shall be liquidated in the cases provided for in Article 22 of the Law of December 17, 2010. The Management Company may decide to enter into liquidation the Sub-Fund in case of extraordinary events such as changes in the political, economical or monetary situation or when the net asset of the Sub-Fund is less than a minimum level for the Sub-Fund to be operated in an economically efficient manner, as further described in the Prospectus.

Objectives:
The Sub-fund has been categorized as an ESG Promotion Strategy Sub-fund in accordance with article 8 of the SFDR.
The Sub-fund aims at achieving income yield and increase the value of its investments over the medium term. To achieve this objective the Sub-fund will invest mainly in a diversified portfolio consisting of: debt securities of any maturity or issued by governments, government-related entities and corporations located in, or doing significant business in, developing or emerging markets and denominated in any currency.
The Sub-fund may also invest in fixed and floating rate securities, asset and mortgage backed securities, convertible bonds, perpetual bonds, structured notes, exchange traded derivatives, OTC swaps, forward foreign exchange contracts and preferred stocks.
The Sub-fund may invest its net assets as follows:
- up to 20% in Mainland China through the Bond Connect Program or directly (also referred to as CIBM direct).
- up to 75% in non-investment grade debt securities.
- up to 10% in unrated debt securities.
- up to 20% in perpetual bonds.
- up to 20% (cumulatively) in ABS, MBS, CLOs, CDOs, CMBS.
- up to 20% in contingent convertible securities (“CoCos”).
- without limitation in instruments denominated in currencies other than the reference currency (EUR). The currency exposure of the Sub-fund is flexibly managed.
- up to 20% of its net assets in units/shares of UCITS and/or other UCIs, including UCITS compliant ETF or ETC.

The Sub-fund may use financial derivative instruments for the purpose of investment and risk hedging.
The sub-fund will not actively invest in equities. However, in the event that an asset held by the sub-fund is subsequently restructured by an issuer, the sub-fund is permitted to become a recipient of, and hold, equities in such issuer. Such equities (if any) will be limited and are not expected to form a material part of the portfolio.
The Sub-fund is actively managed. The benchmark of the Sub-fund used for performance comparison purposes consists of the index “JPM CEMBI Broad Diversified”, Hedged in EUR.
The Sub-fund is actively managed and the degree of freedom allowed within the management of the Sub-fund is significant.
The relative risk and positioning to the benchmark is monitored. To provide a disciplined management approach, risk limits are set to contain investment risk. It is expected that, in normal circumstances, a significant part of the investments of the sub-fund will be components of the benchmark, however there is discretion to invest in other securities not included in the benchmark.
The Sub-fund commits to invest at least 5% of its net assets to bonds labelled as “green” and at least 5% of its net assets to bonds labelled as “green”, “social”, “sustainability”, “sustainability-linked”, “ESG”, “SDG” or any other deemed by the Investment Manager’s investment team as supportive to environmental and social improvement.
The hedged class is covered against the exchange rate risk by a hedging strategy on currencies.
This is a capitalization Unit-Class which reinvests all income generated by the Sub-Fund.
You may request to redeem the units held at any moment, in accordance with the Prospectus.

Intended Retail Investor:
The Sub-fund is suitable for investors who look for medium term investments and have a preference for sustainable ESG strategies.The investor must be able to accept a certain volatility and the possibility of losing a part of the invested amount.This product is for investors who meet the conditions for accessing the product in question (see prospectus) with any level of knowledge and experience. Investors should understand the product risks and only invest if they can bear potentially substantial losses. D and DS unit classes are available only via automatic conversion of G and GS Unit-Class after 3 years or via conversion of another Sub-fund’s D and/or DS Unit Class.

Said legislation may have an impact on your personal tax position.

WHAT ARE THE RISKS AND WHAT COULD I GET IN RETURN?

Risk indicator

The risk indicator assumes you keep the product for a minimum of 4 years.
The actual risk can vary significantly if you cash in at an early stage and you may get back less.
You may not be able to sell your product easily or may have to sell at a price that significantly impacts on how much you get back. The redemption price may, depending on the evolution of the net asset value, be higher or lower than the paid issue price.
Specific reasons, such as change restrictions or circumstances outside the control of the Depositary Bank, may render impossible the transfer of redemption amount in the country where the redemption is requested.In case of mass redemptions, the Management Company may decide to suspend the redemptions until it has sold the necessary assets.

Specific reasons, such as change restrictions or circumstances outside the control of the Depositary Bank, may render impossible the transfer of redemption amount in the country where the redemption is requested.
In case of mass redemptions, the Management Company may decide to suspend the redemptions until it has sold the necessary assets.
The summary risk indicator ("SRI") is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.
We have classified this product as class 2 out of 7, which is a low-risk class.
This rates the potential losses from future performance at a low level, and poor market conditions are very unlikely to impact the capacity of the fund to pay you.

Other risks materially relevant not included in the SRI: Counterparty Risk, Credit Risk, Derivatives Risk, Cocos risk, China Risk, Emerging Market risk,ESG Risk, Liquidity Risk,
This product does not include any protection from future market performance. Please refer to the 'Risk' section of the prospectus for more details.

Performance scenarios

Recommended minimum holding period: 4 years **Investment: 10 000 EUR**			
Scenarios **Scenarios Minimum: There is no minimum guaranteed return. You could lose some or all of your investment.**		**1 year**	**4 years** (recommended holding period)
Stress	**What you might get back after costs**	7 870 EUR	**8 320 EUR**
	Average return each year	- 21.3%	- 4.5%
Unfavourable	**What you might get back after costs**	7 870 EUR	**8 520 EUR**
	Average return each year	- 21.3%	- 3.9%
Moderate	**What you might get back after costs**	10 200 EUR	**9 380 EUR**
	Average return each year	2.0%	- 1.6%
Favourable	**What you might get back after costs**	11 450 EUR	**10 940 EUR**
	Average return each year	14.5%	2.3%

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.
The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the fund completed where applicable by that of its reference framework over the last 10 years. Markets could develop very differently in the future.
The stress scenario shows what you might get back in extreme market circumstances.
This type of scenario occurred for an investment between 2016 - 2026.
The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

WHAT HAPPENS IF FIDEURAM ASSET MANAGEMENT (IRELAND) DAC IS UNABLE TO PAY OUT?

There is no compensation or guarantees for investors in the event of the insolvency of the Management company. It is specified that each mutual investment fund constitutes an autonomous and separate asset in all respects from the assets of the Management company and from that of each investor as well as from any other assets managed by the same Management company. Furthermore, the Management company is liable exclusively for the obligations contracted on behalf of the sub-fund with the assets of the same fund. On those assets actions by creditors of the Management company or creditors of the depositary or sub-depositary are not permitted. The creditors of individual investors are permitted to take action only on the units/shares held by the individual investors. The Management company may in no case use, in its own interest or in the interest of third parties, the assets belonging to the managed funds.

WHAT ARE THE COSTS?

The person selling or advising this product may charge other costs, in which case this person will provide you with information about these costs, and should show you the impact that all costs will have on your investment over time.

Costs over Time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods:

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.

- EUR 10 000 is invested.

Investment: 10 000 EUR	**If you exit after 1 year**	**If you exit after 4 years**
Total Costs	259 EUR	**885 EUR**
Annual Cost Impact*	2.6%	2.2%

*This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 0.6% before costs and -1.6% after costs.

Composition of Costs

One-off costs upon entry or exit		**If you exit after 1 year**
Entry costs	0.41% of the amount you pay in when entering this investment (including fixed fees)	41 EUR
Exit costs	0.05% of your investment before it is paid out to you (including fixed fees)	5 EUR
Ongoing costs		
Management fees and other administrative or operating costs	1.69% of the value of your investment per year. This amount is based on costs incurred for the custody, the administration and the management of the product.	169 EUR
Portfolio transaction costs	0.44% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	44 EUR
Incidental costs taken under specific conditions		
Performance Fee	There is no performance fee for this product.	N/A

HOW LONG SHOULD I HOLD IT AND CAN I TAKE MY MONEY OUT EARLY?

Recommended minimum holding period: 4 years

The above mentioned period has been defined in accordance to the product characteristics. It is determined on the basis of the sub-fund's risk and reward profile. Your ideal holding period may be different from this minimum recommended holding period. If the holding period is shorter than the recommended minimum, this may have a negative impact on the sub-fund's risk and reward profile. We recommend that you discuss this with your advisor. You may request to redeem the units held at any moment, and on any business day, in accordance with the Prospectus. Any costs are shown under "Composition of costs" above.

HOW CAN I COMPLAIN?

Any complaints must be sent by the investor to Fideuram Asset Management (Ireland) DAC in writing and according to one of the following methods indicated: registered letter with return receipt; e-mail to the address: info@fideuramireland.com. Complaints are considered validly received by the Management Company if they contain at least the following information: identification details of the person submitting the complaint; reasons for the complaint, details of the economic damage; sign-off or other element allowing for the identification of the investor.Complaints can also be sent by the investor to the authorized Distributors in the countries where the units of the sub-fund are distributed.
